## Summary of Regulations

These are the Regulations which apply to qualifications studied as part of an Open University Apprenticeship Programme.

The regulations in this document set out how you become an Apprentice of The Open University, how we award academic credit if you complete a module successfully, what you have to do to progress through an Open University qualification and how to meet the academic requirements for the award of a qualification. They include information about the structure of Open University qualifications, how and why we may make changes to courses, study restrictions for academic reasons, and time limits for completing your qualification. They also set out the circumstances in which you will cease to be an Open University Apprentice studying a qualification including where you, your Employer or The Open University are entitled to end the relationship before you have completed all of your intended studies.

You should also refer to the specific regulations governing your apprenticeship qualification.

## Policies superseded by this document

This document replaces the Academic Regulations 2021/22 (Apprentices), with effect from 1 August 2022.

## Scope

### What this document covers

These Regulations apply to all Students who are registered on an Open University Apprenticeship Programme to study a qualification that starts from the academic year 2022/23 onwards.

- a) These Regulations apply to all academic studies undertaken as part of an Apprenticeship Programme, for which study commenced in or after the academic year 2022/23 and will continue to apply for so long as you remain registered for that qualification and are an Apprentice with The Open University.
- b) If you register for a qualification in a subsequent academic year, including re-registering for the apprenticeship qualification you were studying previously through an Apprenticeship Programme, the regulations in force at the time of that registration will apply to that further study.
- c) As an Apprentice, you cannot change your qualification within the Apprenticeship Programme itself, unless expressly agreed by your Employer, The Open University, and your Funding Provider rules (if applicable). This may have implications on your ability to continue with the Apprenticeship Programme. If you change your qualification, the regulations that apply will be those that apply at the date of the change.
- d) If you register for a qualification or any modules outside of the Apprenticeship Programme, you will be liable to pay module fees as governed by the [Fee Rules](#), and must abide by all other regulations applicable to Open University Students, including the standard [Academic Regulations \(Taught Courses\)](#). The regulations that will apply to your qualification will be those in effect at the date you register for the further qualification.

Version number: 1.0	Approved by: Delegate, Director Academic Services
Effective from: 1 August 2022	Date for review: March 2023

- e) If you wish to count credit awarded from the study of a module within a previous qualification, towards the credit requirements of a new qualification, the regulations that will apply will be those in force at the date you register for the new qualification; not those in force at the time you studied the module (if different).

Throughout these Regulations, 'we/us/our' refers to The Open University, and 'you/your' refers to any Apprentice who falls under the scope of the Regulations.

This document may be updated throughout the year to correct errors, improve clarity or accessibility, or to reflect changes in legal or regulatory requirements. If these amendments occur after you have registered, you will be notified by email of any significant changes to this document.

## Introduction

These Regulations set out what you have to do to become and remain an Apprentice studying a qualification as part of an Open University Apprenticeship Programme. These Regulations govern the academic qualification within the Apprenticeship Programme.

If you withdraw or are withdrawn from your Apprenticeship Programme for any reason and wish to register for a non-apprenticeship qualification, the standard current [Academic Regulations \(Taught Courses\)](#) document will apply to you.

[Section G](#) of this document presents regulations which are specific to undergraduate apprenticeship qualifications. [Section H](#) presents regulations which are specific to postgraduate apprenticeship qualifications.

Version number: 1.0	Approved by: Delegate, Director Academic Services
Effective from: 1 August 2022	Date for review: March 2023

You should also refer to the specific regulations governing your apprenticeship qualification, which set out the detailed academic requirements that you will have to meet including any exceptions to the general rules set out in these Regulations. The specific regulations for your apprenticeship qualification are available through your Apprenticeship Enrolment and Support Team (AEST) or equivalent contact, as noted within the 'Apprenticeship Enrolment and Support Team' definition in the Glossary of Terms at the end of this document.

These Regulations and, unless stated otherwise, all of the rules, regulations (with the exception of the specific qualification regulations available through your AEST), policies and procedures referred to in these Regulations are available from the [Student Policies and Regulations](#) section of The Open University website.

The Academic Regulations (Apprentices) has been produced to combine both those regulations which govern your study for an academic qualification at the Open University, and those external regulations provided by your apprenticeship Funding Provider which govern your Apprenticeship Programme. We acknowledge that these Regulations are heavily influenced by external apprenticeship regulations which are amended on an ongoing basis. Wherever possible, these Regulations will be reviewed and revised to reflect any changes to the external governing environment. In any instances where an external regulatory change impacts upon a Regulation listed within this document, your AEST, or equivalent contact, at The Open University will be able to advise on the most up-to-date rules which govern your personal circumstances as an Open University Apprentice. You can also contact your relevant Open University Office for up-to-date information using the contact details at the end of this section.

These Regulations have been produced in line with current external rules published by the Education and Skills Funding Agency (ESFA) specifically for English Apprentices. Regulations governing apprenticeships within other Nations (Scotland, Wales and Northern Ireland) will be provided by your Funding Provider, and therefore exact rules or terminology may differ to those presented within these Regulations. Wherever possible, these Regulations will be reviewed and revised to reflect any changes to the external governing environment across all Nations. If you are an Apprentice studying for a qualification in a UK Nation other than England, your AEST or equivalent contact will be able to advise on the most up-to-date funding rules governing your personal circumstances. You can also contact your relevant Open University Office for up-to-date information on the funding rules related to your Nation:

The Senate may delegate the power to make and vary the academic regulations.

Version number: 1.0	Approved by: Delegate, Director Academic Services
Effective from: 1 August 2022	Date for review: March 2023

---

## **A2 Making assessment rules**

- a) The Senate sets the rules governing assessment for any module, certificate, diploma, degree, or other qualification of the Open University. These are set out in the [Code of Practice for Student Assessment](#) and in the assessment handbooks and specific regulations governing individual qualifications.
- 

## **A3 Language of instruction, teaching, assessment and administration**

- a) Unless the Senate says otherwise, or when the Welsh Language Standards compliance Notice issued under Section 44 of the Welsh Language (Wales) Measure 2011 applies, English will be the language that is used for and in all materials, assessment and examinations, tuition, residential on online schools, student support and administration in The Open University.
- 

## **A4 Communicating regulations**

- a) Regulations approved by the Senate will be published on The Open University website.

# **Section B: Changes to regulations and curriculum**

## **B1 Changes to these Regulations**

### **B1.1 The circumstances when we may make changes**

- a) It may be necessary, or desirable, to make changes in the relationship between The Open University, its Apprentices and their Employer during your studies. We may amend regulations and rules, or the way in which we apply them, in order to:
- Improve the experience of Students,
  - Ensure the efficient and economic use of Open University resources,
  - Comply with changes in legal or regulatory requirements,

Version number: 1.0	Approved by: Delegate, Director Academic Services
Effective from: 1 August 2022	Date for review: March 2023

- Maintain the reputation, good standing and academic standards of The Open University,
- Correct errors or improve clarity and accessibility of regulations,
- Take advantage of new technologies, methods, ideas and opportunities.

## **B1.2 How changes will be made**

- a) Where such changes are to be made, The Open University will follow its rules for governance approval of those changes including, where appropriate, consultation with Students or their representative bodies, and Employers.

## **B1.3 Notice of changes**

- a) We will give reasonable notice of changes to the regulations and rules, and the date they take effect.

## **B2 Changes to Open University apprenticeship curriculum and qualifications**

### **B2.1 Changes to Modules**

- a) We will not normally make changes to a module for Students who are enrolled on that module.
- b) A change to a module on which you are enrolled will normally only be made if it is required immediately in order to correct a significant error or omission, as the result of a legal or regulatory requirement or in order to meet the requirements of a validating or accrediting body.
- c) Where a change is made to a module on which you are enrolled, you will be given as much notice as possible of the change. If you or your Employer no longer wish to continue with the new module, you would need to withdraw from the Apprenticeship Programme (see [Section J2](#)).
- d) Modules on which Students are not yet enrolled may be changed or withdrawn at short notice.

Version number: 1.0	Approved by: Delegate, Director Academic Services
Effective from: 1 August 2022	Date for review: March 2023

## **B2.2 Changes to Qualifications**

### **a) Availability of modules:**

- (i) Your registration for a qualification (as part of an Apprenticeship Programme) will enable us to enrol you on the modules required to complete the qualification. The modules that are available to count towards your qualification are set out in the Module Descriptors that you receive when you register for the Apprenticeship Programme.
- (ii) If you have not completed your qualification during the time that the modules indicated at the date of registration are available as noted in paragraph B2.2a(i), we will continue to make available sufficient academically appropriate modules to enable you to complete your qualification, subject to any notice given of a change to the structure or study requirements of that qualification, or for its withdrawal. Apprenticeship qualifications have Planned Start and End Dates (as defined within the “Apprenticeship Duration/ Planned Start and End Dates” definition of the Glossary of Terms). The Apprenticeship Programme (including the qualification) must be completed within these dates.
- (iii) The Open University continually seeks to enhance its Students’ experience and ensure that courses remain valid, relevant and current. The modules that are made available in future will reflect those aims and may therefore not include the same subject content, teaching or assessment methods as the modules available at the commencement of your qualification. Modules on which Students are not yet enrolled may also be amended in any of the circumstances listed in B1.1.

### **b) Changes in the structure or study requirements of a qualification:**

- (i) A change to the structure or study requirements of a qualification on which you are registered will normally only be made if the change is required immediately in order to correct a significant error or omission, as the result of a legal or regulatory requirement or in order to meet the requirements of a validating or accrediting body.

Version number: 1.0	Approved by: Delegate, Director Academic Services
Effective from: 1 August 2022	Date for review: March 2023

- (ii) We will not normally make changes to the structure or study requirements of a qualification for Students who are registered on an apprentice qualification.
  - (iii) In line with our aim to enhance our Students' experience and ensure that courses remain valid, relevant and current, and in any of the circumstances listed in B1.1, we may make changes to the structure of our qualifications. These may include the balance between core, options and free choice modules (if applicable); the balance between coursework and examination or other forms and types of assessment; the order of study and rules for progression through the qualification; and the requirements for attendance at or participation in specified learning activities.
  - (iv) Where a change is made to the structure or study requirements of a qualification on which you are registered, you will be given as much notice as possible of the change. If you or your Employer no longer wish to continue with the new structure or study requirements, you would need to withdraw from the Apprenticeship Programme (see [Section J2](#)).
- c) Changes in the classification scheme of a qualification
- (i) If a previously unclassified qualification introduces a classification scheme, this will take effect for all awards where the conferral date follows the introduction of the scheme, regardless of the date of completion or qualification date.
  - (ii) If an existing classification scheme is amended and there is no possible detriment to any Student as a result of the change, the amendment will take effect for all awards where the conferral date follows the amendment, regardless of the date of completion or the qualification date.
  - (iii) If an existing classification scheme is amended to include additional requirements, the new requirements will only apply to Students who register for or declare the qualification after the new scheme is published. Continuing Students will be classified under the existing scheme. Where this applies, details will be in the specific qualification regulations.

Version number: 1.0	Approved by: Delegate, Director Academic Services
Effective from: 1 August 2022	Date for review: March 2023

## **B2.3 Withdrawal of apprenticeship qualifications**

- a) In line with our aim to ensure that courses remain valid, relevant and current, we may withdraw qualifications that will cease to meet those requirements. We may also withdraw a qualification if it has become uneconomic to continue to offer that qualification or its constituent modules, or if there is a strategic decision to change the curriculum or how it is delivered.
- b) If you are registered for an apprenticeship qualification and we have decided to withdraw that qualification, you will still be able to complete it if you successfully pass all related assessments, academic, and practice or work-based modules as specified in the individual qualification description within the withdrawal period. If the period for withdrawal is shorter than that of the qualification time limit or the planned Apprenticeship Duration, then the withdrawal date will take precedence.

## **C5 Counting Open University credit awarded before you register for a qualification**

- If you have completed any Open University credit before being registered onto an Open University Apprenticeship Programme, it may be possible to count this credit towards your apprenticeship qualification if valid and agreed by the relevant Teaching Committee for your qualification and your Practice Tutor.
  - [Section F4](#) of the standard [Academic Regulations \(Taught Courses\)](#) provides the rules around how to count Open University credit towards your qualification.
- 

## **C6 Counting Open University credit towards more than one qualification**

- If you have completed Open University credit before being registered onto an Open University Apprenticeship Programme, and this credit is valid and countable towards your apprenticeship qualification, it might be possible to count this Open University credit towards more than one qualification. This will be subject to meeting the unique study requirements and the curriculum requirements for each qualification, and if this has been negotiated with the relevant Teaching Committee for your qualification and your Practice Tutor.
- [Section H](#) of the standard [Academic Regulations \(Taught Courses\)](#) provides the regulations around unique study rules, and the maximum reuse of credit for undergraduate and postgraduate qualifications.

## Section D: Module enrolment

We will enrol you for modules as required to achieve your qualification, provided you have met any eligibility requirements in the specific regulations for your apprenticeship qualification (available through your AEST or equivalent contact).

---

### D1 Study restrictions for academic reasons

- a) At any one time, you must not be enrolled to study modules that total more than 120 credits, unless this is a specific requirement of your apprenticeship qualification. The 120-credit limit excludes credit for postponed examinations, and examination resits and resubmissions.
  - b) You will not be eligible to be enrolled for further modules unless you have made sufficient academic progress in your previous undergraduate studies. Your AEST, or relevant contact, and Practice Tutor will be able to advise whether you are making suitable progress and will be able to support you in making an application for permission to undertake further study if you are not deemed to be making suitable progress. Full rules and procedures are set out within the [Academic Progress Policy 2022/23 \(Apprentices\)](#). If you are unable to successfully complete a module, this may have implications on your ability to continue with the Apprenticeship Programme (as detailed in [Sections D3](#) and [J3](#)).
- 

### D2 Modules with pre-requisite or co-requisite requirements

#### D2.1 The pre-requisite or co-requisite requirement

- a) Some modules, referred to as principal modules, have pre-requisite requirements. This means that you can only study them if you have completed another specified module first. Other principal modules have co-requisite requirements, which means that you can only study them if you have studied another specified module ('the co-requisite module') either prior to the start of the principal module, or will be studying it at the same time as the principal module.

Version number: 1.0	Approved by: Delegate, Director Academic Services
Effective from: 1 August 2022	Date for review: March 2023

- b) In order to study the principal module, you must either:
- (i) (for pre-requisite modules) have been awarded credit for the pre-requisite module before the start date of the principal module; or have completed study of the pre-requisite module but the result, including the result for a resit or resubmission, is not available before the start date of the principal module; or
  - (ii) (for co-requisite modules) on the start date of the principal module, be enrolled on the co-requisite module for a presentation which starts on that date or which started at an earlier date, and is not yet completed; or
  - (iii) have been exempted from the requirement to study that module as a pre-requisite or co-requisite, by a decision of the Teaching Committee responsible for the module; or
  - (iv) have been awarded credit in Recognition of Prior Learning which specifically exempts you from the pre-requisite or co-requisite module; or
  - (v) have provided evidence of prior learning and/or experience which has been approved as exempting you from studying the pre-requisite or co-requisite module, or from the requirement to study that module as a pre-requisite or co-requisite.
- c) If you have been exempted from the requirement to study a module as a pre-requisite or co-requisite, but not from studying a principal module which is compulsory within your qualification, you will still be required to achieve credit for the principal module in order to be awarded the qualification.

## **D2.2 Effect of non-completion of a pre-requisite or co-requisite module**

- a) If you have started to study a module with pre-requisite requirements, but you do not subsequently achieve credit for the pre-requisite module, you may (unless the specific regulations for your apprenticeship qualification state otherwise) continue to study that module.
- b) If you have started to study a module with co-requisite requirements and you do not successfully complete study of the co-requisite module, you may (unless the specific regulations for your apprenticeship qualification state otherwise) continue to study that module.

Version number: 1.0	Approved by: Delegate, Director Academic Services
Effective from: 1 August 2022	Date for review: March 2023

---

### **D3 Restrictions on repeating study of modules**

- a) As an Apprentice, your academic right to repeat study of a module will be subject to the consent of your Employer (who may be required to fund the repeated module study). You should discuss your options with your AEST or alternative contact and your Employer. Your AEST may also be required to liaise with your Funding Provider for approval.
- b) If you are not entitled to repeat study of a module under these Regulations, or repetition is not confirmed as permissible by your Employer, this may have implications on your ability to continue with the Apprenticeship Programme.
- c) If you have been awarded credit for a module, you are not allowed to repeat study of that module.

## **Section E: Module credit**

### **E1 Award of credit**

#### **E1.1 Criteria for award of credit**

- a) We will award you module credit if you successfully meet the requirements for the completion of that module. The requirements may include reaching a certain performance standard during the module and its examinable component (where applicable), successfully completing a competency-based work-based learning element, attending a residential school or online school, participation in specified learning and assessment activities, and meeting specified professional standards.

#### **E1.2 Residential school element**

- a) If a module includes a residential school element, you must satisfactorily complete the residential school or the online school (where available), in order to be awarded module credit.

Version number: 1.0	Approved by: Delegate, Director Academic Services
Effective from: 1 August 2022	Date for review: March 2023

### **E1.3 Specified learning and assessment activities**

- a) As part of your Apprenticeship Programme you may be required to attend, carry out or participate in a specified activity at a specified place and time, an End-Point Assessment, a set number of hours of work-based learning or practice hours, Functional Skills study, or participate in an online activity during a specified period. You must carry out or participate in those activities to a satisfactory standard or fulfil the requirement to carry out a specified number of hours of work-based learning or practice, in order to be awarded module credit.

### **E1.4 Specified professional standards**

- a) You may need to satisfactorily demonstrate and maintain standards for suitability or [Fitness to Practise](#) as specified by an appropriate professional body. You must meet those standards in order to be awarded module credit.
- 

## **E2 Value and level of credit**

- a) Each module has a credit value and an Open University level of study (e.g. 60 credits, Open University level 1). We will award the appropriate number of credits to you when you have successfully completed a module for which you have been enrolled. You will need to complete a specified total number of credits made up of credit from modules at specified Open University levels in order to complete your qualification, as described in the specific qualification regulations for your apprenticeship qualification (available through your AEST or equivalent contact).
- b) Modules are assigned the following levels of study: for Undergraduate modules, Open University levels 1, 2 and 3; for Postgraduate modules, Postgraduate level; and Level 0 for Access modules which do not form part of the credit requirements for qualifications.

Version number: 1.0	Approved by: Delegate, Director Academic Services
Effective from: 1 August 2022	Date for review: March 2023

---

### **E3 Grade of credit**

- a) We may award you module credit with a grade as set out in the [Assessment Handbook](#).
- 

### **E4 Failure of a module**

- a) We will consider you to have failed a module that you are enrolled for if you do not fulfil the academic and other relevant requirements for successful completion of the module. You will not be awarded credit for a module that you have failed. This might have implications for your eligibility to enrol for further modules in line with the [Academic Progress Policy 2022/23 \(Apprentices\)](#) and [Section D1](#) of these Regulations. If you are unable to successfully complete a module, this may have implications on your ability to continue with the Apprenticeship Programme (in line with [Section D3](#) and [Section J3](#)).

## **Section F: External Study and Experience: Recognition of Prior Learning (RPL)**

### **F1 The Approved Scheme for Recognition of Prior Learning (RPL)**

#### **F1.1 Summary of scheme**

- a) Recognition of Prior Learning (RPL) is the identification, assessment and formal acknowledgement of prior learning and achievement which is considered when a Student registers or enrolls in an Open University qualification. There are two types of RPL which may lead to the award of credit towards qualification offered by The Open University: Recognition of Prior Certificated Learning (RPCL) and Recognition of Prior Experiential Learning (RPEL).

Version number: 1.0	Approved by: Delegate, Director Academic Services
Effective from: 1 August 2022	Date for review: March 2023

- b) Your qualification may have shorter time limits than The Open University maximum, which will be set out in the specific qualification regulations for your apprenticeship qualification.

**Table 1: Time limit for completing undergraduate qualifications with RPL credit**

<b>Number of credits still to complete</b>	<b>Time limit for completion of these credits</b>
30-60	4 years
90-120	7 years
150-180	9 years
210-240	12 years
270-300	14 years
330 or more	16 years

- c) If you are studying a postgraduate qualification, any time limit which includes RPL credit will also be stated in the specific qualification regulations.
- d) For Apprentices, the Apprenticeship Duration will take precedence over Open University maximum time limits for completion of the academic qualification. Apprenticeship qualifications have Planned Start and End Dates (as defined within the “Apprenticeship Duration/ Planned Start and End Dates” definition of the Glossary of Terms). The Apprenticeship Programme (including the qualification) must be completed within these dates.

## **F2 RPL Restrictions**

### **F2.1 Award of RPL credit to a specified qualification in a specific academic year**

- a) Any award of RPL credit will be made towards a specific Open University qualification commenced in a specific academic year and may only be counted toward that qualification if you commence your study within that academic year.

Version number: 1.0	Approved by: Delegate, Director Academic Services
Effective from: 1 August 2022	Date for review: March 2023

- b) If you postpone study until another academic year, you may need to apply for your award to be reassessed due to potential changes to the structure or academic content of your chosen qualification. You will be advised if your award of credit remains valid, is due to expire or needs to be reassessed.
- c) If your Funding Provider permits, and you receive approval to change your qualification to a related qualification within the Apprenticeship Programme as described in [Section G5](#) and [Section H5](#) of this document (permissible only under restricted circumstances with the prior consent of your Employer) ; or if you withdraw from the Apprenticeship Programme with agreement from your Employer and subsequently choose to undertake further non-apprenticeship study as a self-funding Open University Student, you may need to apply for your award to be reassessed. This may have implications on your ability to continue with the Apprenticeship Programme.

**F2.2 Applicable regulations in force**

- a) If you apply for an award of RPL credit, you must follow the regulations that are in force at the time of the application. If you ask us to reassess a previous award, you will follow the regulations in force at the time that you ask for the reassessment.

**F2.3 Restrictions to prevent overlap in subject matter**

- a) If we award RPL general credit exemption, you may be given a limited choice of available Open University modules (if there is a significant overlap in learning outcomes of the studies for which you were awarded the general credit exemption and the content of any Open University modules).

Version number: 1.0	Approved by: Delegate, Director Academic Services
Effective from: 1 August 2022	Date for review: March 2023

---

### **F3 Applying for an award of RPL Credit**

#### **F3.1 How and when to apply**

- a) To apply for an award of Open University RPCL credit, you must use the relevant form provided during the registration process. You will normally be asked to provide independent evidence in support of the application which could include:
- Evidence of the award of credit and the date of the award;
  - The identity and nature of the awarding institution and its authority to award credit
  - The academic level and content of the previous study. This might be in the form of a certificate, academic transcript and/or learning outcomes.
- b) If RPEL credit is available on your apprenticeship qualification, you will be provided with information about how to make an application.

#### **F3.2 Applying to have more than one period of previous study or experience assessed**

- a) You may provide evidence of more than one period of study or experience to support an application for an award of RPL credit. There must be no significant overlap in content between the periods of study or experience. The total award of RPL credit must not be more than the maximum permitted for the particular Open University qualification concerned.

---

### **F4 Abandoning an award of RPL credit**

- a) If you receive an award of RPL credit towards a particular Open University qualification, you may abandon all or part of it before the qualification is awarded and in line with any other conditions that may be set. Note that abandoning credit awarded in recognition of RPL must be agreed with your Employer and would result in an increase in duration of study towards the Apprenticeship Programme and increase in funding required. This may also conflict with the rules of your Funding Provider.

Version number: 1.0	Approved by: Delegate, Director Academic Services
Effective from: 1 August 2022	Date for review: March 2023

## **Section G: Regulations applicable to undergraduate qualifications**

### **G1 Who these Regulations apply to**

- a) These Regulations apply to Apprentices who are studying for an academic undergraduate qualification of The Open University as part of an Apprenticeship Programme.
- 

### **G2 Registration**

#### **G2.1 Registration for a qualification**

- a) You must be registered for a qualification in order to be awarded it.

#### **G2.2 Restriction on multiple qualification registration**

- a) You may only be registered for one Open University qualification at any one time. You are however permitted to register for additional non-Open University qualifications as specified as part of your Apprenticeship Programme (for example, Functional Skills qualifications).
- 

### **G3 Enrolling on modules studied as part of your qualification**

#### **G3.1 Entitlement**

- a) When you are registered for a qualification, you will be enrolled for modules which will enable you to achieve that qualification. The exact modules will be subject to the circumstances in which The Open University may make changes to curriculum and qualifications, as set out in [Section B](#).

Version number: 1.0	Approved by: Delegate, Director Academic Services
Effective from: 1 August 2022	Date for review: March 2023

- d) The Module Descriptor information available when you register onto the qualification will show you the available compulsory and core option modules (if applicable to your qualification) that are required for each Stage of your qualification, the order in which they should be studied and whether there are any pre-requisite or co-requisite requirements (see [Section D2](#)).
- 

## **G4 Qualification Stages, Study order and Progression**

### **G4.1 Qualification stages**

- a) If your qualification has a credit value of 120 credits or more, the modules which comprise that qualification will be assigned to a Stage of the qualification, in addition to a level of credit. Each Stage will normally be made up of modules at the equivalent level, so Stage 1 will usually be made up of 120 credits from Open University Level 1 modules.
- b) A qualification may have up to 4 Stages that should each be studied in the prescribed sequence.
- c) Each Stage will comprise of a minimum of 120 credits for modules included in that Stage or RPL credit awarded.
- d) A Stage will be completed when you have met all the credit requirements for that Stage and any other requirements as set out within the specific regulations for your apprenticeship qualification (available through your AEST or equivalent contact).

### **G4.2 Commencement of studies**

#### **G4.2.1 General requirement to start at Stage 1**

- a) You will commence your studies towards your qualification by becoming enrolled on one or more Stage 1 modules. You can start at a Stage other than 1 if you have agreed this with the Teaching Committee for the qualification and if:
- (i) you are counting Open University credit awarded prior to registration for the qualification that meets the requirements for Stage 1; or

Version number: 1.0	Approved by: Delegate, Director Academic Services
Effective from: 1 August 2022	Date for review: March 2023

- (ii) you are counting an award of RPL credit that meets the requirements for Stage 1; or
- (iii) you are counting a combination of the two (a-i and a-ii).

### **G4.3 Specified order of study**

- a) Stages of qualifications must be studied in order (from Stage 1 through to 3 or 4, dependent on your qualification) and you must meet the rules for progression between Stages as set out in [Clause G4.4](#) unless your qualification permits otherwise in the specific qualification regulations.
- b) If you are counting Open University credit that was awarded before registering for the qualification, or an award of RPL credit, or if you are changing your study route within the qualification (permissible only in exceptional circumstances with explicit agreement from your Employer and AEST, or equivalent contact, the remaining credit must be studied in the specified order, unless exceptional permission is given by the Teaching Committee for the qualification.

## **G4.4 Progression**

### **G4.4.1 Progression between Stages**

- a) You will need to meet the requirements for progression from one Stage of your qualification to the next unless the specific regulations for your apprenticeship qualification state otherwise. If you have been awarded all of the credit within a Stage of your qualification, you will usually have met the University progression requirement unless the specific regulations for your apprenticeship qualification specify any additional progression rules. The structure of some apprenticeship qualifications means that it is not possible to complete all of the credit in one Stage before starting modules in the next Stage. If this applies, you will need to meet one of the requirements in G4.4.2 or G4.4.3.
  - (i) You may be enrolled on a module at Stage 2 (if any) if you have met the requirements for progression from Stage 1 or you meet the criteria in G4.4.2 or G4.4.3 below.

Version number: 1.0	Approved by: Delegate, Director Academic Services
Effective from: 1 August 2022	Date for review: March 2023

#### **G4.4.3 Exceptions from progression requirements**

- a) We may also exceptionally permit progression with the approval of the relevant Teaching Committee.
- 

### **G5 Changing your study plans for exceptional or personal reasons**

- a) As an Apprentice, you cannot change your qualification unless expressly agreed by your Employer, The Open University, and your Funding Provider (if applicable). The Funding Provider rules according to your Nation must also permit this change. This may have implications on your ability to continue with the Apprenticeship Programme. If you change your qualification, the regulations at the date of the change will apply.
- b) As an Apprentice you have limited options to take a Break in Learning or make a Change in Study Plan due to guidance laid down by your Funding Provider.
  - (i) For English Apprentices, any Change in Study Plan and Break in Learning will only be permitted in exceptional circumstances or for personal reasons.
  - (ii) If you are an Apprentice studying within another Nation, an agreed Change in Study Plan or Break in Learning may have an impact on your continuation of the Apprenticeship Programme and you should speak to your AEST or equivalent contact at the Open University who will be able to advise on your available options and liaise with your Funding Provider for approval if appropriate. This may require your withdrawal from the programme.
- c) In order to request a Change in Study Plan or Break in Learning, you must have written permission/agreement from your Employer and you must discuss your options with both your Employer and your AEST or equivalent contact at the Open University, who will liaise with your Funding Provider for approval if appropriate.

Version number: 1.0	Approved by: Delegate, Director Academic Services
Effective from: 1 August 2022	Date for review: March 2023

---

## **G6 Time limits for completion of apprenticeship qualifications**

- a) Your Funding Provider will set rules which restrict your flexibility to study towards qualifications over an extended period of time. As an Apprentice, the Apprenticeship Programme will have a Planned Start and End Date to ensure compliance with rules or guidance set by your Funding Provider and the appropriate Apprenticeship Standard related to your programme (in England), or Apprenticeship Framework (in Scotland).
- b) You must complete your apprenticeship (including the qualification) within this Apprenticeship Duration unless additional arrangements have been agreed under exceptional circumstances with your Employer and AEST or equivalent contact, and with the permission of your Funding Provider if required (see [Sections G5](#) and [Section H5](#) for further details). Further details on where to find your Apprenticeship Duration/ Planned Start and End Dates are listed within the “Apprenticeship Duration/ Planned Start and End Dates” definition of the Glossary of Terms. Your planned Apprenticeship Duration and Planned Start and End Dates take precedence over any other Open University academic time limits.

### **G6.1 Open University academic time limits**

- a) Although the planned Apprenticeship Duration takes precedence over all other time limits, The Open University also specifies academic time limits under which all registered qualifications must be completed to ensure coherence of academic study, external credibility and satisfactory academic progress.
- b) Unless the specific regulations for your apprenticeship qualification state otherwise, the time limit within which you must complete your qualification starts at the earliest of:
  - (i) the start date of the first module. This includes any modules that you fail, defer or withdraw from; or
  - (ii) if you are counting Open University credit that was awarded prior to registration for the qualification, the start date of the earliest module for which you are counting credit; or

Version number: 1.0	Approved by: Delegate, Director Academic Services
Effective from: 1 August 2022	Date for review: March 2023

- e) If you do not achieve the credit required for your qualification within the set Open University time limit, you will not normally be eligible to be awarded the qualification. You may be eligible for any other qualification that you meet the requirements for within the time limit applicable to that other qualification.
- f) If you are counting an award of RPL credit within your qualification, you should refer to the additional information about time limits based upon the amount of credit still to complete as detailed in Table 1 in [Section F](#) of these Regulations.
- g) Apprenticeship time limits take precedence over any other Open University academic time limits as described in [Section G6](#). Module study for a qualification outside of the Apprenticeship Programme and Planned Start and End Dates, and independent of the Employer will incur fee liability (as defined within The Open University [Fee Rules](#)) and you would be subject to all other regulations applicable to Open University Students.
- 

## **G7 Classification of Honours Degrees**

- a) Undergraduate Bachelor's degrees with Honours, and Scottish 480 credit Undergraduate Bachelor's degrees with Honours are awarded with a classification. The classes of Honours which will be awarded are:
- first class
  - upper second class (2:1)
  - lower second class (2:2)
  - third class.
- b) No other undergraduate qualifications are classified.

Version number: 1.0	Approved by: Delegate, Director Academic Services
Effective from: 1 August 2022	Date for review: March 2023

## **G7.1 How classification is calculated**

- a) The majority of undergraduate modules are awarded with pass grades as one of: Distinction (1; the highest grade), Pass grade 2, Pass grade 3, or Pass grade 4 (the lowest grade). Module result grades approved for graded modules at postgraduate level are: Distinction, Merit and Pass.
- b) Not all of the credit included in your qualification will count towards your classification. Detailed information is included in [Clause G7.2](#).
- c) The classification of your qualification will be automatically awarded in accordance with the Open University scheme of classification. There are two elements in the Honours classification scheme:
  - (i) The Weighted Grade Credit score (explained in [Clause G7.3](#)); and
  - (ii) A Quality Assurance Test (explained in [Clause G7.4](#)).
- d) You must meet the appropriate thresholds of **both** elements of the scheme to be awarded a particular classification. If you do not meet the minimum threshold for one of the elements, you will be awarded the lower classification.

## **G7.2 Which credit will count towards your classification**

- a) This section explains which credit will be used in the calculation of your Weighted Grade Credit score as part of the award of your classification. Only credit used in the calculation of your Weighted Grade Credit score is eligible for use in the Quality Assurance Test.

### **G7.2.1 360 credits Undergraduate Bachelor's Degree with Honours (not Scotland)**

- a) If you have completed 360 credits for an Undergraduate Bachelor's Degree with Honours (not available in Scotland), including 120 credits of Open University level 1 modules in Stage 1, 120 credits of Open University level 2 modules in Stage 2 and 120 credits of Open University level 3 modules in Stage 3:
  - (i) We will use 240 credits from result grades from Open University modules – 120 credits of Open University level 2 modules from Stage 2 and 120 credits of Open University level 3 modules from Stage 3.

Version number: 1.0	Approved by: Delegate, Director Academic Services
Effective from: 1 August 2022	Date for review: March 2023

### **G7.3 Calculation of Weighted Grade Credit score**

- a) Your Weighted Grade Credit score is calculated from the grades you have achieved from a maximum of 240 credits from Open University modules at level 2 or above (see [Clause G7.2](#) for information on which modules will be used in this calculation).
- b) Your module grades are multiplied by the credit value of that module. For 360 credit Undergraduate Bachelor's Degrees with Honours, and Scottish 480 credit Undergraduate Bachelor's Degrees with Honours, modules which are included in the highest Stage of your qualification will be double-weighted.
- c) The total of this calculation is referred to as your Weighted Grade Credit score and this score is the first element of the classification calculation.
- d) If you have less than 240 credits of Open University study because of RPL credit, your classification will be based on reduced thresholds to reflect the reduced amount of Open University credit studied, as per [Clause G7.7](#).

### **G7.4 Quality Assurance Test**

- a) There are four Honours classification grades and four undergraduate module grades. In the Quality Assurance Test, we check that for all classifications above Third class, the best grade(s) awarded for 60 credits of Open University level 3 study (or, exceptionally, Postgraduate study counted down in place of level 3) is as good as, or better than, the class of Honours indicated by the range in which your weighted grade credits sits.
- b) To pass the Quality Assurance Test for a first-class degree, you must have at least 60 level 3 credits at Distinction grade.
- c) To pass the Quality Assurance Test for an upper-second class degree (2:1), you must have at least 60 level 3 credits at Grade 2 (or Merit), or the total of the 60 credit check requirement multiplied by your best grade must not exceed 120, e.g. 30 level 3 credits at Distinction **and** 30 level 3 credits at either Grade 2 (or Merit) or Grade 3.

Version number: 1.0	Approved by: Delegate, Director Academic Services
Effective from: 1 August 2022	Date for review: March 2023

**Table 8: Weighted Grade Credit ranges (240 credits) for 480-credit Scottish Bachelor’s degrees with Honours**

<b>Classification Element 1</b>	<b>Weighted Grade Credits range</b>
First Class	630 or less
Upper Second Class (2:1)	Between 631 and 900
Lower Second Class (2:2)	Between 901 and 1170
Third Class	Between 1171 and 1440

You must also meet the relevant Quality Assurance Test thresholds in [Clause G7.4](#)

**G7.7 Reduced Weighted Grade Credit ranges for Undergraduate Bachelor’s Degrees with Honours and Scottish 480 credit Undergraduate Bachelor’s Degrees with Honours awarded with RPL credit**

- a) The weighted grade credit ranges for the first element of classification are reduced pro-rata if you have been awarded RPL credit that means you have less than the full 240 credits of graded Open University modules at Open University level 2 or higher available to classify your Undergraduate Bachelor’s Degree with Honours, or Scottish 480 credit Undergraduate Bachelor’s Degree with Honours.

120	240 to 420	420.1 to 600	600.1 to 780	780.1 to 960

- b) You must also meet the relevant Quality Assurance Test thresholds in [Clause G7.4](#).

## **Section H: Regulations applicable to postgraduate qualifications**

### **H1 Who these Regulations apply to**

- a) These Regulations apply to Apprentices who are studying for an academic postgraduate qualification of The Open University as part of an Apprenticeship Programme. Regulations for postgraduate qualifications studied outside of the Apprenticeship Programme (declared postgraduate qualifications) are presented within the standard [Academic Regulations \(Taught Courses\)](#).

### **H2 Registration**

- a) You must be registered for a qualification in order to be awarded it.

Version number: 1.0	Approved by: Delegate, Director Academic Services
Effective from: 1 August 2022	Date for review: March 2023

- c) If you are eligible to study an additional module (as per paragraph H3.2b) that is not specified as available within the qualification you are studying through the Apprenticeship Programme, you must register for that module as a standalone course outside of the apprenticeship and you will not be able to count any credit awarded for that module towards your registered qualification and Apprenticeship Programme unless exceptional permission is given by the Teaching Committee for the qualification.
- d) The Module Descriptor information available when you register onto the qualification will show you the available compulsory and core option modules (if applicable to your qualification) that are included for each Stage of your qualification, the order in which they should be studied and whether there are any pre-requisite or co-requisite requirements (see [Section D2](#)).

#### **H4 Time limit for completion of postgraduate qualifications**

- a) Your Funding Provider will set rules which restrict your flexibility to study towards qualifications over an extended period of time. As an Apprentice, the Apprenticeship Programme will have a Planned Start and End Date to ensure compliance with rules or guidance set by your Funding Provider and the appropriate Apprenticeship Standard related to your programme (in England), or Apprenticeship Framework (in Scotland).
- b) You must complete your apprenticeship (including the qualification), within this Apprenticeship Duration unless additional arrangements have been agreed under exceptional circumstances with your Employer and AEST or equivalent contact, and with the permission of your Funding Provider if required (see [Sections G5](#) and [Section H5](#) for further details). Further details on where to find your Apprenticeship Duration/ Planned Start and End Dates are listed within the “Apprenticeship Duration/ Planned Start and End Dates” definition of the Glossary of Terms. Your planned Apprenticeship Duration and Planned Start and End Dates take precedence over any other Open University academic time limits.

- c) If your qualification has an academic time limit for completion, this will be included in the specific regulations for your apprenticeship qualification.
- d) Credit awarded for a specified module may cease to be countable towards a qualification at a specified point in time after the final presentation of that module.

## **H5 Changing your study plans for exceptional or personal reasons**

- a) As an Apprentice, you cannot change your qualification within the apprenticeship itself, unless expressly agreed by your Employer, The Open University, and your Funding Provider (if applicable). The Funding Provider rules according to your Nation must also permit this change. This may have implications on your ability to continue with the Apprenticeship Programme. If you change your qualification, the regulations at the date of the change will apply.
- b) As an Apprentice you have limited options to take a Break in Learning or make a Change in Study Plan due to guidance laid down by your Funding Provider.
  - (i) For English Apprentices, any Change in Study Plan and Break in Learning will only be permitted in exceptional circumstances or for personal reasons.
  - (ii) If you are an Apprentice studying within another UK Nation, an agreed Change in Study Plan or Break in Learning may have an impact on your continuation of the Apprenticeship Programme and you should speak to your AEST or equivalent contact at the Open University who will be able to advise on your available options and liaise with your Funding Provider for approval if appropriate. This may require your withdrawal from the programme.
- c) In order to request a Change in Study Plan or a Break in Learning, you must have written permission/agreement from your Employer and you must discuss your options with both your Employer and your AEST or equivalent contact at the Open University, who will liaise with your Funding Provider for approval if appropriate.

- b) However, postgraduate level modules that have already been used in classification of an Open University qualification cannot be used to classify a subsequent qualification at the same level or at a lower level. For example, modules used to classify a postgraduate Diploma may be used in the classification of a subsequent Masters degree, but module credit used to classify a first taught Master's degree cannot be used to classify a later taught Master's degree.

## Apprenticeship Standards

In England, Apprenticeship Standards detail what an Apprentice will be doing under each Apprenticeship Programme and the skills required of them, by job role. Standards are listed on the [Institute for Apprenticeships \(IFA\) website](#).

## Apprenticeship Written Agreement

In England, apprenticeships are regulated by the Government's Education and Skills Funding Agency (ESFA) and therefore all parties must abide by the ESFA's funding rules. The ESFA states that a signed Written Agreement must be in place between the Employer and the training provider prior to commencement of the apprenticeship. ## **Break in Learning/ Change in Study Plan**

For English Apprentices, a Break in Learning is a period of time during an Apprenticeship Programme when an individual is not continuing with their apprenticeship but has told their employer beforehand that they intend to resume their apprenticeship in the future. This may be due to circumstances such as illness, pregnancy or another reason which makes an Apprentice temporarily unable to continue with the apprenticeship.
