Introduction

This document sets out the additional terms agreed with The Open University relating to your study towards a Pre-registration Nursing qualification. It is the Supplementary Agreement referred to in the Conditions of Registration and Conditions of Registration for Apprentices and should be read together with those Conditions and the rules, regulations and policies referred to within them and in this agreement. By registering for a Nursing qualification, you are agreeing to these terms.

This Agreement is effective from the date you registered for your Nursing qualification and will continue to apply until you have either completed your qualification or your registration has lapsed or been cancelled, whichever occurs first.

For specific guidance on how this agreement may relate to your personal circumstances, please contact your Student Support Team who are specially trained to advise on the implementation of this agreement.

Throughout this document, the term Mentor is used interchangeably to refer to individual(s) appointed by the Learning Sponsor to provide supervision of practice learning and assess relevant learning outcomes, as well as refer to the roles of practice supervisor/practice assessor.

Main terms of the Supplementary Agreement

1 Summary of the main terms of the Supplementary Agreement

1.1. This section sets out a brief summary of the supplementary terms of your agreement to study a Nursing qualification with The Open University. You are agreeing to:

a) Comply with and abide by the professional standards set by the Regulatory Authority.

b) Remain in employment and have continual support from your Learning Sponsor for the duration of your study towards completion of the Nursing qualification.

c) Comply with the legal requirements of your Employer (Apprentices), Learning Sponsor, Financial Sponsor (where applicable) and Placement Provider, as set out in their respective policies and procedures.
d) Meet both the professional standards of the Regulatory Authority, as set out in The Code, as well as the academic standards and practice-based requirements that are identified within the relevant module and qualification websites. You must do this in order to be awarded your Nursing qualification.

e) Notify The Open University, Employer (Apprentices), your Learning Sponsor and your Financial Sponsor, as soon as possible, of any concerns you have of not meeting such requirements.

f) An understanding that The Open University may suspend or terminate your registration or deny the award of the Nursing qualification if the terms set out in this agreement are not met.

g) An understanding that The Open University, Employer (Apprentices), your Learning Sponsor, your Financial Sponsor and any Placement Provider may share necessary information about your health, disability, academic performance, conduct, fitness to practise and professional standards. Such information will be kept secure and will only be processed in accordance with The Open University’s Student Privacy Notice, Nursing Privacy Notice and Apprenticeship Privacy Notice.

2 Professional Standards and Fitness to Practise (FtP) Procedures

2.1 In order to study a nursing qualification with the Open University, you are required to provide additional information with regards to disclosing legal restrictions and conditions in line with the NMC Guidance on health and character. You will be required to obtain an enhanced Disclosure and Barring Service (DBS) check (in England and Wales), Disclosure Scotland check (in Scotland) or an Access NI check (in Northern Ireland). The Open University will inform you of the information you will be required to disclose if appropriate, before registering on your Nursing qualification. For further information please contact your Student Support Team.

2.2 By entering into this Supplementary Agreement you explicitly acknowledge that you understand and agree to be bound by the professional standards set by the Regulatory Authority in The Code which apply to Nursing Students. This means that:

a) If a concern is raised that you are not achieving or maintaining those standards at a level appropriate to the stage of your studies for the Nursing qualification,
you may be referred under The Open University's Fitness to Practise (FtP) Procedure.

This may result in the following in relation to your studies towards one of the qualifications in the Nursing programme:

- conditions being applied for you to continue to study for that Nursing qualification;
- suspension from study from that qualification;
- termination of registration towards that qualification;
- the withholding of the award of that qualification.

b) You agree to notify The Open University as soon as practicable of any matter which may give rise to any concern about your ability to meet the professional standards of the Regulatory Authority, referring any such matter verbally, electronically or in writing to your Practice Tutor or where this may cause delay, to the Staff Tutor or Education Manager in your area. The Employer Link at your organisation will be able to provide contact details as necessary.

2.3 In order to be eligible for the award of a Nursing qualification you must, in the opinion of the Module Results Panel for each module completed, satisfactorily meet both the academic requirements and the professional standards requirements. You must successfully complete all required modules as outlined in the Qualification Regulations specific to your qualification in order to receive the award.

2.4 If you have failed to meet the required professional standards as a result of matters that occurred prior to your registration with the Regulator, a declaration to the Regulator of your good health and character may be withheld on the recommendation of an FtP panel. This may be the case even if you have been awarded sufficient module credit to satisfy the academic and practice learning requirements of the Nursing qualification. This would mean that you would be unable to register, and therefore practise, as a nurse regardless of the award of the qualification.

2.5 The programme may include the requirement for you to undertake remote consultations. If so, The Open University's Fitness to Practise (FtP) procedures would apply. If any breach of the applicable professional standards occur, the breach would be dealt with under these procedures.
2.6 If a Nursing qualification has been awarded and any matters occurring before the award of the qualification subsequently come to light that, in the opinion of a FtP panel, ought to have been declared and would have resulted in the withholding of the Nursing qualification, the matter shall be referred to the University’s Central Disciplinary Committee who have the power to withdraw the Nursing qualification.

2.7 If the Nursing qualification is not awarded as a consequence of actions by a FtP panel or the Central Disciplinary Committee, you may be offered an alternative Open University qualification for which you have met the credit requirements.

2.8 Neither the offer of a place onto the qualification by The Open University nor successful completion of the qualification guarantees your entry onto the professional NMC register. The NMC retains the right to determine your entry to the professional register at the point of registration (see Guidance on Health and Character, NMC 2019). Please refer to the NMC guidance for the most up to date information regarding current requirements for NMC registration.

3 Practice Learning Periods

3.1 When you register for a Nursing qualification with The Open University, you agree to:

a) Co-operate with your Learning Sponsor/Employer (Apprentices) to facilitate your participation in sufficient appropriate Practice Learning Periods to enable you to meet the learning outcomes of the Nursing Degree.

b) Co-operate with your Employer (Apprentices), Learning Sponsor or Placement Provider and meet any reasonable requirements to maintain the reputation of the Placement Provider and comply with their legal obligations and service standards in connection with your participation in the Practice Learning Opportunities provided.

c) Comply with the employment policies and practices of the Employer (Apprentices), Learning Sponsor and/or Placement Provider and take all reasonable steps to maintain your employment and any Practice Learning Opportunities provided in order to complete the Nursing qualification. Please note: ongoing employment is a requirement to continue studying the Nursing qualification through the programme route.
3.2 Whilst undertaking practice learning you are required to co-operate with the Mentor allocated by your practice Placement Provider. Your Mentor will:

a) carry out observations and supervised practice, offering regular feedback to you throughout the Practice Learning Periods;

b) carry out any assessment responsibilities required by the Pre-registration Nursing Programme; and

c) participate in planning, monitoring and review meetings with you and your Practice Tutor.

3.3 If you are in breach of the clauses outlined in paragraphs 3.1 and 3.2, and it is the opinion of your Employer (Apprentices), Learning Sponsor and/or Open University Staff Tutor/ Education Manager that it is not reasonably practicable for you to complete a Practice Learning Period, then your Employer (Apprentices), Learning Sponsor, Placement Provider and The Open University is not obligated to provide a further opportunity for you to meet the practice learning requirements for that module. In these circumstances you will be deemed to have failed the module and your studies may be suspended in accordance with the FtP Procedure.

3.4 Students studying a Nursing qualification (who are not part of an apprenticeship programme)

3.4.1 If the Learning Sponsor does not allow you sufficient time to complete Practice Learning Periods as set out in the module materials, The Open University will endeavour to extend your study period to allow the Learning Sponsor to provide sufficient practice learning opportunities. The Learning Sponsor or, where applicable, Financial Sponsor, will be liable for any additional costs incurred as a result of such extension, or to provide you with advice and support in finding an alternative Learning Sponsor and/or Practice Learning Periods.

3.5 Students studying on an apprenticeship programme

3.5.1 As an Apprentice your employer is required to allow you 20 per cent ‘off the job’ paid hours in which to study. The duration of your apprenticeship was agreed at the start of the programme and includes the Practice Learning Periods.
4 Termination of Employment and/or Sponsorship

4.1 Students studying a Nursing qualification (who are not part of an apprenticeship programme)

4.1.1 Your Learning Sponsor’s obligations, as set out in this Agreement, will cease if you leave your employment. To remain registered for the Nursing qualification you will be responsible for finding a suitable alternative Learning Sponsor in order to complete any further practice learning required and to complete the Nursing qualification within the specified time limit.

4.1.2 If you are financially supported in respect of tuition fees and/or any other financial support and this financial sponsorship is withdrawn for any reason, you must ensure that you continue to meet your liabilities in respect of tuition fees. This may include securing new financial sponsorship or through the use of student loans. If you do not secure funding for your tuition fees, you will be withdrawn from the programme.

4.1.3 You must notify The Open University at the earliest opportunity of any potential change to your employment that may affect your ongoing relationship with your Learning Sponsor and/or your Financial Sponsor to enable alternative arrangements to be considered.

4.1.4 If your Financial Sponsor and Learning Sponsor are different organisations and you leave your employment, then with your Financial Sponsor’s agreement, you may seek suitable employment with an alternative employer who will agree to act as your Learning Sponsor. This will allow you to continue with your Nursing qualification as long as the new employer can provide the appropriate practice learning experiences and Mentors to meet the qualification requirements. You must contact your Student Support Team to discuss the suitability of this proposed change.

4.1.5 In the event that The Open University’s collaboration agreement with your Learning Sponsor is terminated, The Open University will take reasonable steps to enable you to finish the programme including completing all necessary modules and carrying out all necessary Practice Learning Periods.
4.2 Students studying on an apprenticeship programme

4.2.1 If, during your apprenticeship, your employment is terminated for any reason please contact your practice tutor or Apprenticeship Programme Delivery Manager (APDM or equivalent) as soon as possible as this will affect your ability to continue with your programme of learning.

5 Termination of Registration

5.1 The Open University may cancel your registration for the Nursing qualification in the circumstances set out in the Conditions of Registration or Conditions of Registration (Apprentices) as appropriate to your qualification. In addition, The Open University may cancel your registration if you do not:

- remain in employment;
- undertake practice learning with your Learning Sponsor or an agreed Placement Provider; or
- maintain the standards of the Regulatory Authority with respect to your health, competence and standards of behaviour.

5.2 If you fail a module (including the failure of any resit or resubmission), it is at your Employer (Apprentices), Financial Sponsor’s (where applicable) and/or your Learning Sponsor’s discretion whether they continue to support you on the Nursing programme. If you are an Apprentice studying on the Nursing programme, you should contact your APDM or equivalent contact for further information on whether you will be supported to continue. Students studying a Nursing qualification outside of an apprenticeship programme should refer to the criteria outlined in the Fee Rules to determine whether you or your Financial Sponsor should pay reduced fees to repeat study of a module you have failed.

5.3 Students studying a Nursing qualification outside of an apprenticeship programme

5.3.1 If support is withdrawn by your Financial Sponsor or Learning Sponsor, The Open University will cancel your registration for the Nursing qualification. Your registration will be reinstated if, before the start date of the next module presentation, you have obtained an alternative Financial Sponsor (or in England only, made suitable alternative arrangements for the payment of tuition fees) and/or Learning Sponsor.
5.3.2 If support is withdrawn, you may study academic modules that are not specific to the Nursing programme within the stage you are currently studying, provided you are able to meet the learning outcomes of that module, but will need to find a replacement Financial or Learning Sponsor to continue with the programme at the next module start date.

5.3.3 If your contract with your Learning Sponsor is terminated you must find a replacement to complete modules incorporating the required Practice Learning Periods for the stage of the Nursing Degree you are studying. If you do not do this within 2 years of your last Practice Learning Period, you will be deregistered from the Nursing Degree. In such circumstances you may retain your credit and return to study later if you are eligible to do so, subject to the rules and regulations that are in place at the time of your subsequent registration.

6 Your Studies

6.1 You must complete your Nursing qualification within the specified timescale for that qualification (cited in the Regulations and shown on StudentHome), unless you are given an extension at the discretion of the Board of Studies for Health, Wellbeing and Social Care. If you are studying an apprenticeship, any application for an extension must be made in agreement with your Employer and The Open University and must comply with the rules stated by your Funding Provider and regulator. Applications for an extension may be considered where you have been unable to study due to reasons beyond your control (see Appendix A). Other circumstances where an extension may be granted are:

a) if you have been suspended under FtP Procedures and subsequently reinstated;

b) if you lose your job through no fault of your own and are unable to find an immediate replacement (Students studying for a Nursing qualification outside of an apprenticeship only).
6.2 If, for any reason, you are unable to complete the Practice Learning Periods for a module: when you return to study, you will be required to complete at least the final Practice Learning Period of the Stage of the Nursing qualification you had reached before interrupting your studies. You may request to have practice hours that you have completed during the module carried forward from those Practice Learning Periods that you have completed in full.

6.3 If you are studying a Nursing qualification outside of an apprenticeship programme, to complete your Open University Nursing qualification, you must study at least every other year, or take an approved study break as set out in the Changing Your Study Plans Policy and Procedure. If you fail to do so, you will be deregistered from your Nursing qualification.

6.4 You may be permitted to begin a module at the next stage of the Nursing qualification before you have completed and received results for a module at an earlier stage. Where this is the case, you must have completed, and received results for the module at the earlier stage within 12 weeks of the start of the module at the later stage. If this is not possible or you do not receive a pass result, you will not be able to start or remain enrolled on the module in the later stage.

7 Information sharing and Data Protection

7.1 Please see The Open University’s Student Privacy Notice, the Nursing Privacy Notice, and the Apprenticeship Privacy Notice (if studying the Nursing qualification through an apprenticeship) for full information on how data is collected and used by The Open University. There are some additional points that relate to this Supplementary Agreement. By entering into this Supplementary Agreement, please note that:

a) The Open University may share (or will share for Apprentices) information about your academic performance and professional standards relating to your study for a Nursing qualification with your Employer (Apprentices), Learning Sponsor, your Financial Sponsor and any Placement Provider. In particular information about issues relating to your conduct may be shared where it might affect your professional suitability or fitness to practise and your continued participation in any practice learning environment.
b) The Open University may consider any concern through its Fitness to Practise (FtP) Procedure and this may lead to conditions being applied to your continued registration on the programme, your suspension or deregistration from the programme, or your expulsion from The Open University.

c) Information about your health and any declared disability may be shared with Placement Providers in line with legal obligations to provide reasonable adjustments in order to comply with obligations under the Equality Act 2010 in England, Scotland and Wales; the Disability Discrimination Act 1995 for Northern Ireland; or any other statutory duty or obligation. Additionally, data may be shared so that neither you nor members of the public are put at risk while you carry out a placement.

d) The Open University will keep any information shared secure and process data in line with the Student Privacy Notice, Nursing Privacy Notice and Apprenticeship Privacy Notice. Your Employer (Apprentices), Learning Sponsor, Financial Sponsor and any Placement Provider will store and process information in accordance with their Privacy Notices.

e) Your Employer (Apprentices), your Financial Sponsor (where applicable), your Learning Sponsor or any Placement Provider may notify The Open University of any matters that might raise concerns about your ability to meet the professional standards of the Regulatory Authority.

The Open University, your Employer (apprentices), your Learning Sponsor, your Financial Sponsor (where applicable) and any Placement Provider may share information and evidence about matters relating to your conduct that might affect your professional suitability, fitness to practise, continued employment or your participation in a Practice Learning Period. Your Learning Sponsor, as your employer, has the right to deal with employment related matters under their own procedures, independently to the Open University’s Fitness to Practise (FtP) Procedure, however this may also be invoked in respect of those matters.

f) The Open University may also have a legal obligation to provide certain information to the Regulatory Authority.
g) The Open University will, where required, notify the Regulatory Authority of any matter relating to suitability or fitness to practise that is under investigation as well as the outcome of any investigation. However, The Open University will not share information regarding an investigation into fitness to practise with a Financial Sponsor (where applicable), Learning Sponsor or Placement Provider where the matter under investigation is not considered to pose an immediate risk in the circumstances, or to service users or patients.

7.2 On the completion of your Nursing qualification, The Open University will, if required and subject to ongoing confirmation of good health and good character, provide any report or reference required by the Regulatory Authority as a condition of entering practice in nursing.

7.3 If, on completion of the academic requirements, the award of a Nursing qualification is withheld, The Open University will provide any report or reference required by the Regulatory Authority in respect of that matter. This may be to transfer it directly to a third-party supplier engaged by the Regulatory Authority.

8 Withdrawing from or deferring your studies

8.1 If you intend to defer or withdraw from a module before it is completed, you should discuss this with your Staff Tutor or Education Manager. If you have deferred a module, your Staff Tutor or Education Manager, in turn, will liaise with your Financial Sponsor and/or Learning Sponsor, who may be liable for any additional fees when you resume studying the module.

8.2 The Open University will administer any Fee Credits or Fee Refunds that are due in accordance with the Fee Rules unless you have made a specific agreement with us and your Financial Sponsor for any fee credits or fee refunds to be made directly to the Financial Sponsor.
