

Conditions of Module Registration 2013/14

M1. Your contract

- 1.1 When you register to study with The Open University we are making a contract with each other.
 - a) This document forms part of the Registration Agreement and contains the terms of that contract. Together with the Charter and Statutes of the University and the rules, regulations, policies and procedures which are made under those statutes and which are referred to in this document, it sets out the rights and responsibilities of each party which will apply while you are a registered student.
 - b) If you are registering for a module to which Student Regulation OU2.4 (Vocational Requirements for Registration) applies you may also be required to enter into a supplementary agreement with the University and, in some circumstances, an employer, placement provider, professional body or other relevant third party. Any agreement made under this provision will form part of these Conditions and must be read in conjunction with them.
 - c) If you are registering for a module which is offered under a partnership agreement between The Open University and another educational institution ('your Local Education Centre') some of the services and facilities provided to you under this contract may be provided to you by the Local Education Centre on behalf of The Open University and not all services or facilities may be available. You will be told separately about the specific arrangements that will apply to you. You may also be required to enter into a supplementary agreement with the University and/or the Local Education Centre. Any agreement made under this provision will form part of these Conditions and must be read in conjunction with them.
- 1.2 The additional conditions in [Appendix 1](#) apply to students who are in prison, released on licence or who are subject to any order, restriction or arrangement imposed by a court or by an authorised body on release from custody, if applicable.

How to view our rules, regulations, policies and procedures

If you are reading these Conditions of Registration online you will be able to read the other documents that are referred to if you click on the links within this document.

If you are reading a printed version of these Conditions of Registration you will be able to read all the other documents that are referred to by going online to the Open University 'Essential Documents' website at www.open.ac.uk/students/charter/essential-documents and following the link to Registration as a student.

Please [contact us](#) if you are unable to access these documents or if there is anything in them that you are unsure about and want to discuss with us before you register.

- 1.3 The University will register you on the module shown in the Registration Agreement if it is satisfied that:
 - a) you have met the general requirements for registration set out in the [Student Regulations](#); and

- b) you have met any specific requirements for registration set out in the module description; and
 - c) if applicable, made any supplementary agreement which is required under Condition 1.1b) or 1.1c) above;
 - d) if you are a prisoner you are permitted to register under paragraph 1.2 above; and
 - e) you have paid the relevant fee or provided an approved payment method;
- and, unless exceptional permission has been obtained, the module is available for study in the country in which you are resident.

The Registration Agreement comes into force when we confirm formally (by letter or by email) that we have accepted your application to register.

1.4 Residence requirements

- a) You will not be eligible to register for any module if you are resident in the UK on a student visa where The Open University is the sponsor, unless you are studying a research degree qualification with us.
- b) If you are currently resident in the UK on a visitor, student visitor or working holiday visa, which only allows a stay in the UK for up to six months, you will only be eligible to register on a module that is available within the EEA and Switzerland if you will be resident in the UK when the module starts and will be in the UK for the majority of the duration of the module. If you do not meet these criteria, we reserve the right to restrict your registration to modules available globally only.

1.5 Change of personal details

- a) You must notify us within a reasonable time if you change your name, the country where you are resident or ordinarily resident or any of your contact details.
- b) If any of the conditions set out in Condition 6.3 apply you must notify us within a reasonable time if there is any change in your circumstances concerning any of those conditions.

The University may require you to provide satisfactory evidence of any change.

1.6 The Registration Agreement, and the conditions and regulations which form part of it, and any supplementary agreement required under Condition 1.1a) or 1.1b) is the entire agreement between us. If, at any time, any Open University employees, or its agents, have agreed anything inconsistent with these conditions, the conditions in this agreement will always take priority.

- 1.7 The University has a [Complaints Procedure](#) and an [Appeals Procedure](#) and is a member of the Scheme of Independent Adjudication for Higher Education enabled by the Higher Education Act 2004. Where those procedures apply, you may not take legal action against the University until you have taken your complaint or appeal through those procedures.
- 1.8 The Registration Agreement, and the rules, regulations, policies and procedures which are referred to in it, are governed by English law.

M2. Your studies

2.1 You will be registered on the module(s) shown in the Registration Agreement.

- a) You will be provided with the module tuition, module materials and module assessments as described in the module description.
 - b) You agree to study the module materials, submit the module assessments at the times and in the manner specified and to attend the module examination (if any).
 - c) If required, and if you are eligible under the assessment rules, your registration for a module will include one opportunity for an examination resit or resubmission of the examinable component, as applicable.
- 2.2 The University has a [Code of Practice for Student Assessment](#) which will apply to the assessment of your module(s). The University will apply its academic judgment to determine the extent (if any) to which the learning outcomes of the module(s) have been met.
- 2.3 If you have told us that you have a disability which might affect your studies, examination or assessment, you must provide us with any further information that we ask you for in order that we may comply with our responsibility under the Equalities Act 2010 to make reasonable adjustments.
- 2.4 Counting module credit towards a declared qualification
- Note: This condition only applies to students who have studied with The Open University before 1 August 2012.
- a) If you have studied with The Open University at any time before 1 August 2012, we will provide you with the opportunity to record your intention to study for an Open University qualification (your 'declared qualification'). If you have recorded a declared qualification, this is shown in the Registration Agreement. The University will provide you with the opportunity to register for modules which may be linked to your declared qualification and, subject to the [Module Regulations](#) and the [Qualification Regulations](#), to count credit awarded for completed modules that will enable you to achieve that qualification. The University does not, however, guarantee that any module which is shown in the current specification for your intended qualification will remain available in the future.
 - b) You will only be eligible to declare a qualification that is available in the country where you are resident unless exceptional permission has been obtained. Note that qualifications will only be available in your country of residence where there are sufficient modules (including all compulsory modules) available for study in that country to enable you to successfully complete that qualification.
 - c) You must link any credit that you wish to count towards your declared qualification before 31 December 2017 unless notice has been given that the qualification will be withdrawn at an earlier date. If you have not done so, or if you have not gained sufficient credit to be awarded your declared qualification by that date, you will no longer be able to complete that qualification. If you wish to complete an Open University qualification after that date:
 - i) if your qualification has been withdrawn before 31 December 2017 you may declare a different qualification at any time up to 31 December 2017;
 - ii) you may declare the Open University Open Degree, as your qualification intention at any time up to 31 December 2017 and continue to count any credit towards it until 31 December 2019;

- iii) you may register for a qualification and count credit towards that qualification under the rules which apply to that qualification and are in force at the time.
- 2.5 Counting credit towards a registered qualification

If you wish to count credit you have gained from a module you have registered for towards a registered qualification, and you are eligible to do so under the relevant [Qualification Regulations](#), you must first register for that qualification and then apply during the registration process for your credit to be counted.

2.6 Changing your choice of module(s)

- a) If you plan to change your module it is your responsibility to check if your new choice of module may be counted towards your declared qualification (if any).
- b) If you are eligible for transitional fees, a change of module(s) or deferral of study may affect your entitlement to transitional fees. Please refer to the [Fee Rules](#) for more information.
- c) If you wish to change your module choices please make the changes before you proceed. If we have sent you a printed Registration Agreement DO NOT ALTER IT OR SIGN IT. Please [contact us](#) to tell us what changes you want to make and we will send you a new Registration Agreement.
- d) If you wish to change your choice of any module(s) or defer study of your module(s) after you are registered, you will only be able to do so in the circumstances set out in our [Deferrals and Withdrawals Policy](#). You will need to follow our [Cancellation Procedure](#) and, if applicable, make a new agreement to register on the module(s) you have chosen.
- e) Our [Fee Rules](#) explain any entitlement you may have for a refund or fee discount on a future registration if you change your module, if you defer your studies, or if you wish to end your studies.

M3. Your fees

- 3.1 You agree to pay the fee shown in the Registration Agreement. You will become liable to pay your fees as soon as this Registration Agreement comes into force.
- a) This fee covers the tuition, materials (excluding set books) and assessment for the module.
 - b) An additional fee may be payable, in the circumstances set out in the [Fee Rules](#), for an examination taken at a non-established examination centre.
 - c) If your module materials include a returnable home kit, you will be responsible for the costs of returning this kit at the end of the module, as these costs are not included in the fee. If you fail to return the kit in accordance with the instructions you have been given you may be charged the cost of the kit.
 - d) If your module includes a residential school, the fee does not cover the costs of accommodation, meals, travel or other facilities provided in connection with attendance at that residential school, whether they are provided by the University or otherwise, unless otherwise stated.
- 3.2 The fee is calculated in accordance with our [Fee Rules](#), based on the information you have given us about:

- a) your declared qualification, if any;
- b) your module choice(s);
- c) whether you have previously studied in higher education, either at The Open University or elsewhere;
- d) your nationality;
- e) whether you are ordinarily resident in the UK, the EU/EEA or elsewhere and, if you are ordinarily resident in the UK, whether this is in England, Northern Ireland, Scotland or Wales.

You must check that this information is correct before you apply to register.

If any information is incorrect **Do not continue with the registration**. Please go back and correct it.

If we have sent you a printed Registration Agreement and it is incorrect, **Do not alter it or sign it**. Please [contact us](#) to give us the correct information and we will send you a new Registration Agreement.

The University reserves the right to check any information that you have given us, in some cases with a Credit Reference Agency, and, if the checks show that a different fee should be paid, to recover the difference between the fee shown in the Registration Agreement and the correct fee if higher. The University may wish to share data with external credit reference agencies to identify that the correct fee has been paid.

- 3.3 If you are studying in higher education at another institution, this may affect your liability for fees, your eligibility for funding and your eligibility to study with us. You must tell us before you commit yourself to registration with The Open University. We will require you to provide written permission from that other institution for you to undertake study with The Open University.
- 3.4 If you take up study in higher education at another institution after beginning your Open University studies, you must tell the institution concerned that you are an Open University student.

M4. What the University may do if you fail to pay your fees

- 4.1 Subject to our [Fee Rules](#) you will become liable for the payment of your fees once this Registration Agreement comes into force. If you are not paying your fees immediately, it is your responsibility to ensure that payment takes place when it becomes due. If you are intending to pay your fees with the aid of sponsorship, a grant, an Enhanced Learning Credit, a credit agreement or a tuition fee loan, you will be liable to pay those fees once they have become due even if you have not obtained that sponsorship, grant, Enhanced Learning Credit, credit or loan by that date.
- 4.2 If you fail to pay the correct fees or any other charges due to the University, you will be in debt to the University and become a debtor. If you are in debt to us or our agent, the University may end your Registration Agreement, withhold your module results, awards and certification, or bring legal action against you (or do all these things).

Whilst you are in debt to us or our agent:

- a) you will not be allowed to register for a module;
- b) you will not be allowed to register for a qualification or enrol for any module.

- 4.3 If we continue to provide services to students who are in debt to us or our agent, we can still take the actions shown above at a later date.

M5. Student discipline

- 5.1 The University has a [Code of Practice for Student Discipline](#). When you register to study with the University you agree to be bound by that code.

M6. Ending this registration agreement

- 6.1 Your right to cancel your registration

- a) If you want to withdraw your application **before** you are registered, you should not proceed with your registration. If we have sent you a printed Registration Agreement and you have not signed and returned this agreement, DO NOT ALTER OR SIGN THIS AGREEMENT. Please [contact us](#) to tell us and we will cancel your application.
- b) If you wish to withdraw from your module **after** you have registered, you must follow our [Cancellation Procedure](#). If you fail to follow the proper procedure, you will not be eligible for any fee refund or fee discount under our [Fee Rules](#) and you may become liable for further fees which fall due.
- c) You cannot cancel your registration after the examination date or deadline for the submission of the final piece of examinable work (end-of-module assessment).
- d) After you have cancelled your registration, we will not send you any further study materials and you may not participate in any further learning or assessment activities.

- 6.2 The University may cancel your registration at any time if:

- a) we find that you have given us information which is untrue or misleading;
- b) you fail to meet any academic or administrative requirements shown in the module description;
- c) you fail to pay the correct fee or you are otherwise in debt to us or our agent;
- d) if you were required to make a supplementary agreement as referred to in Condition 1.1b) or 1.1c) and you have failed to complete such an agreement;
- e) you break any of the conditions set out in this document (and any of the other rules and regulations referred to in it) or in any supplementary agreement;
- f) you are excluded from study by the Central Disciplinary Committee as a result of a breach of the [Code of Practice for Student Discipline](#).

Please note that we may also seek prosecution if you have supplied fraudulent information.

- 6.3 If a module has a condition specified below, the University may cancel your module registration if you have ceased to meet a condition that is a requirement of that module:

- a) fitness to practise a specified profession;
- b) maintenance of professional standing;
- c) a satisfactory Disclosure and Barring (or equivalent) clearance;

- d) being employed by a specified employer;
- e) being employed in a specified role, capacity or profession.

You must tell the University if at any time while you are a registered student you no longer meet any of these conditions which apply in your case.

M7. Computing

- 7.1 The University will provide you with a secure Open University computing account. It is your responsibility to keep your account secure and confidential. You must comply with our [Computing Code of Conduct](#).
- 7.2 Your Open University computing account will include access to a personalised Open University website called 'StudentHome'. This website will include details of the personal information we hold about you and it will provide you with access to some study materials and a range of other resources that will support your Open University studies. We will also use StudentHome to post messages that will be relevant to you, and may not be provided by any other media. It is your responsibility to check StudentHome regularly.
- 7.3 You must notify The Open University Computing Helpdesk by phoning +44 (0)1908 653972 or by emailing OU-computing-helpdesk@open.ac.uk if you think that there has been any loss of security on your Open University computing account.
- 7.4 If you do not keep to Condition 7.1 above, you will be liable for any transactions relating to your registration, even if your password is used by someone else fraudulently or without your permission.
- 7.5 Your Open University computing account enables you to participate in online activities. These may include compulsory activities for your module. When you participate in these activities, your name, preferred email address, your Open University Computer Username and the content you contribute, will be displayed online to students and Open University staff who have a need to see the information concerned.

By signing this Registration Agreement, you expressly consent to this information being processed as explained above.

M8. Email

- 8.1 You must provide us with a valid email address, which we will use to correspond with you. You must inform the University of any changes to your preferred email address by updating your personal profile on StudentHome.
- 8.2 It is your responsibility to check your email regularly. It is also your responsibility to manage any filters on your account to ensure that email from The Open University is sent into your 'Inbox' and not to a 'spam' or 'junk' email folder. You should ensure that your inbox has an adequate amount of space to receive messages from the University.

M9. Residential school element

- 9.1 If your module includes a 'residential school' element you must participate satisfactorily or you will fail the module.
- 9.2 Some modules provide an Alternative Learning Experience (ALE), which delivers the core learning outcomes of the residential school element, and which you may

participate in instead of attending a residential school. If you are studying a module which does not have an ALE, you must attend the residential school or you will fail the module.

- 9.3 You must follow the procedure on your module website for booking a place at a residential school or on the ALE. Bookings are subject to a time limit and to availability. It is your responsibility to ensure that you have made a booking.
- 9.4 If you do not make a booking at the appropriate time, or if you are not sure that you will be able to attend a residential school or participate in an ALE that you have booked, you should immediately seek advice from the [Residential Schools Team](#) as you will fail the module if you do not complete this element.

M10. Data Protection

The University has a [Data Protection Policy](#). When you register to study with us you are agreeing to the personal information that you have supplied us being used and processed in accordance with that policy.

M11. Using library facilities

If you use our library services, you will be bound by a [Copyright Declaration](#) which you will be asked to agree to when you first use those services.

M12. Indemnity insurance

The University does not have indemnity insurance for students carrying out research related to their studies (except for research students who register directly through us). If you need indemnity cover (for example, to meet the conditions of an ethics committee), you will need to arrange this yourself.

M13. Recording phone calls

The University may monitor and record phone calls between you and the University to make sure that we have carried out your instructions correctly and to help us improve our services through staff training.
