Effective from: March 2021	Date for review: March 2022

A7. Our right to make changes

A7.1 The [Academic Regulations 2021/22 \(Apprentices\)](#) sets out in Section B the circumstances in which The Open University may make changes to regulations, rules, curriculum or qualifications. The Open University's [Student Protection Plan](#) outlines the reasonable measures we will take to support continuation of your study should we make changes to or withdraw modules, qualifications, study routes or whole disciplines or changes to circumstances which affect your study. The following paragraphs outline the circumstances in which The Open University may make changes to these terms or our educational services.

A7.2 Circumstances outside our control

The Open University will take all reasonable steps to provide the educational services that you have registered or enrolled to receive. There may be circumstances outside of our control where we are unable to provide those services in full or in part for reasons such as fire, flood, pandemic, terrorist acts or industrial disputes. Where those, or similar, circumstances arise we will minimise disruption so far as we are reasonably able to and, wherever practicable, will provide you with reasonable alternative arrangements to continue with your studies.

A7.3 Maintenance of academic standards

- a) The Open University may suspend or cancel registrations and enrolments for a module where it is unable to guarantee academic standards at the start date of the module:
- i) where either too few or too many Students have registered or enrolled for the module to enable The Open University to provide an appropriate learning experience and/or assessment opportunity in order to meet the learning outcomes of the module and/or accreditation requirements; or
 - ii) in the case of the first presentation of a module only, where notice has been given during the registration process that the module is under development or subject to accreditation or validation, and The Open University is unable to guarantee that the appropriate academic standards will be met or that any relevant accreditation or validation will be secured by the time the module starts; or

Version number: Version: 1.0	Approved by: Delegate of Director, Academic Services
Effective from: March 2021	Date for review: March 2022

- iii) for any other module, there has been an unforeseen development in the subject area, teaching or assessment methods since registration opened for that academic year that requires significant change in order to maintain the currency or academic standards of the module or the academic reputation of The Open University that The Open University is not reasonably able to make before it starts; or
 - iv) there has been an unforeseen withdrawal of accreditation or validation for a module since registration opened for that academic year that The Open University is unable to resolve before the module starts.
- b) The Open University will make all reasonable efforts to inform you of any such changes as early as possible and to provide reasonable alternative arrangements wherever practicable to do so.

A7.4 Short-term changes to learning, teaching and assessment arrangements

The Open University may have to postpone, re-locate, re-structure or cancel tutorials, forums, day schools, residential schools and other teaching sessions, assessments or examinations due to the occurrence of an event or circumstance beyond its reasonable control including, but not limited to, industrial action, whether on the part of the University’s staff or otherwise, short notice absence of teaching or other staff, or short notice unavailability of premises, facilities or materials. The Open University will make all reasonable efforts to inform you of any such changes as early as possible and to provide reasonable alternative arrangements wherever practicable to do so.

A7.5 Changes to Modules

A7.5.1 The Open University will not normally make changes to a module for Students who are enrolled on that module.

A7.5.2 A change to a module on which you are enrolled will normally only be made if the change is required immediately in order to correct a significant error or omission, as the result of a legal or regulatory requirement or in order to meet the requirements of a validating or accrediting body.

A7.5.3 Where a change is made to a module on which you are enrolled, you and your Employer will be given as much notice as possible of the change. If you or your Employer no longer wish to continue with the new module you will need to withdraw from the Apprenticeship Programme ([see Section E1](#)).

Version number: Version: 1.0	Approved by: Delegate of Director, Academic Services
Effective from: March 2021	Date for review: March 2022

A7.5.4 Modules on which Students are not yet enrolled may be changed or withdrawn at short notice.

A7.6 Limiting places available for registration

A7.6.1 There may be occasions where we need to restrict the number of places available to study a module at a particular start date. This may be as a result of a number of factors such as limited tutor availability or limited availability of study resources.

A7.6.2 We will endeavour to resolve issues to enable all interested Students to study, however where this is not possible, Students may be asked to consider studying an alternative module or at an alternative start date.

A7.6.3 Where the maximum capacity is reached before the final enrolment date, we will administer a waiting list and re-allocate places as and when they become available. Places will be allocated according to criteria determined by The Open University, which will be applied on a case by case basis at the University's discretion. Students placed on a waiting list will be given as much notice as possible to decide their alternative study options should these be required.

A7.7 Changes to Qualifications

a) Availability of modules:

- i) Your registration for a qualification (as part of an Apprenticeship Programme) will enable us to enrol you on the modules required to complete the qualification. The modules that are available to count towards your qualification are set out in the Module Descriptors that you receive when you register for the Apprenticeship Programme.
- ii) If you have not completed your qualification during the time that the modules indicated at the date of registration are available for study, as noted in paragraph A7.8(a)(iii), we will continue to make available sufficient academically appropriate modules to enable you to complete your qualification, subject to any notice given of a change to the structure or study requirements of that qualification, or for its withdrawal. Apprenticeship qualifications have Planned Start and End Dates (as defined within the "Apprenticeship Duration/ Planned Start and End Dates" definition of the Glossary of Terms). The Apprenticeship Programme (including the qualification) must be completed within these dates.
