When The Open University formally accepts in writing, by letter or email, your application to register to study with The Open University, we are entering into a legal agreement with each other.

- a) These Conditions of Registration and the Offer Letter and any supplementary documentation referred to therein contain the terms of the agreement between us. They incorporate and are subject to the rules, regulations, policies and procedures which are made under the Charter and Statutes of The Open University and which are referred to in this document. Together, they set out the rights and responsibilities of each of us which will apply while you are a registered student.

Version number: 1.3	Approved by: Research Degrees Committee
Effective from: 1 August 2019	Date for review: March 2020

- b) If you are registering for a qualification supported by a third party you may also be required to enter into a supplementary agreement, any such agreement will form part of these Conditions and must be read in conjunction with them.
- c) If you are registering for a qualification which is offered under a partnership agreement between The Open University and another educational institution ('your Local Research Centre' e.g. an Affiliated Research Centre), some of the services and facilities provided to you under this agreement may be provided to you by the Local Research Centre on behalf of The Open University and not all services or facilities may be available. The fee arrangements may also vary, but you will be told separately about the specific arrangements that will apply to you. You may also be required to enter into a supplementary agreement with The Open University and/or the Local Research Centre. Any agreement made under this provision with The Open University will form part of these Conditions and must be read in conjunction with them.
- d) The Offer Letter, the Conditions and the rules, regulations, policies and procedures which form part of it, and any supplementary agreement required under Condition A1b), A1c) contain the entire agreement between us. If, at any time, any Open University employees or agents have agreed anything inconsistent with the Conditions of Registration, the Conditions of Registration will always take priority.
- e) The Open University Research Committee acting on behalf of the Senate may change rules, regulations, policies and procedures in the circumstances set out in the [Research Degree Regulations](#). The Research Committee will give you reasonable notice of changes to the regulations and rules, and the date they take effect. - g) These Conditions, and other policies and rules referred to within them, are governed by English Law.

A2. Additional conditions for the protection of persons

- A2.1 Disclosure of a criminal conviction is not a requirement to study at The Open University. However, students who are currently, or become, subject to an order, restriction or arrangement imposed by a court or by an authorised body must make us aware immediately of any conditions which may prevent them from fully engaging with their research and the wider University community.
- A2.2 This disclosure helps us support students in complying with any conditions while studying with The Open University and fulfils our safeguarding obligations, and includes those subject to Sex Offender Registration and Sexual Harm Prevention Orders.

Version number: 1.3	Approved by: Research Degrees Committee
Effective from: 1 August 2019	Date for review: March 2020

- A2.3 In circumstances where legal restrictions and conditions make a student’s research impractical, The Open University will undertake to make reasonable adjustments and suggest alternative options where practicable.
- A2.4 The Open University provides services to give specialist advice and support to students entering our student community from many different walks of life. Students coming to The Open University with a spent or unspent conviction may find it useful to connect with these services and gain additional support as part of their study with us. Any disclosure to utilise a service (e.g. careers advice) is dealt with confidentially, and you will only be asked for the information relevant to the service you require.

For further guidance on disclosure please refer to the [Appendix](#), our [Supporting Students in Secure Environments](#) web pages, or, contact the Students in Secure Environments Support Team.

A3. Additional conditions to comply with statutory responsibilities

The Open University may impose conditions or vary the terms on which you study and/or access services and facilities, notwithstanding anything in this agreement or the rules, regulations, policies and procedures if, in the opinion of the University, it is reasonably necessary to do so in order to comply with its duties to protect the health and safety of students, staff, contractors and members of the public, its duties with respect to the safeguarding of young persons or vulnerable adults or in order to comply with its obligations under the Equality Act 2010 or any other statutory duty or obligation.

A4. Registration

You will be required to register in person, presenting original or certified copies of all of the documentation required, as detailed in your Offer Letter. This constitutes the Registration Process. The Registration Agreement will come into force upon completion of the Registration Process. Your application to register as a student of The Open University is subject to you satisfying to The Open University that:

- a) you have met the requirements for registration set out in the Offer Letter; and
- b) you have provided original or certified copies of all of the required documentation
- c) if applicable, you have entered into a supplementary agreement as required under Condition A1b) or A1c) above; and
- d) if you are a prisoner, you are permitted to register under paragraph A2 “Additional Conditions for the Protection of Persons” above; and
- e) you have paid the relevant fee or provided an approved payment method.

Version number: 1.3	Approved by: Research Degrees Committee
Effective from: 1 August 2019	Date for review: March 2020

A5. Intellectual Property

- A5.1 Intellectual property (IP) generated through research carried out at the university belongs to The Open University. It is a condition of registration that research students assign any IP arising from their research to the university, with the exceptions listed below.
- A5.2 The Open University retains ownership of the following IP: Original inventions, design rights and copyright in all materials produced during the course of an Open University studentship or in work specifically assigned to a student. This includes written, broadcast and recorded work, computer programs, research information on Open University websites, iTunes, videos and any other forms of storage. Please note that copyright in software, databases, questionnaires and data collected is owned by The Open University and should not be included in papers or books where the IP is assigned to a publisher or other third party.
- A5.3 Copyright in the following is owned by the student (and any co-authors): thesis, personal notes (excluding laboratory notes), books that are not part of a university course, journal articles, conference papers, presentations.
- A5.4 Where research is sponsored by a third party, contractual arrangements must be in place to set out The Open University's position on research IP. Such arrangements might include third party ownership of IP arising from research, and therefore students must assign the IP to The Open University so that the university can comply with its contractual obligations.
- A5.5 Further information relating to research IP is contained in the [Intellectual Property Commercialisation Handbook](#).
- A5.6 Students can contact the [RES Research and Enterprise Office](#) for advice and guidance relating to research IP.

A6. Residence requirements

- A6.1 You will be eligible to register to study with us if you are resident in the UK as a UK/EU citizen or if you are an overseas national on a Tier 1, Tier 2 or spouse visa or with a Tier 4 visa where The Open University or a Local Research Centre is the sponsor.
- A6.2 If you are currently resident in the UK on a visitor visa, student visitor visa or working holiday visa, which only allows a stay in the UK for up to six months, you will not be eligible to register.
- A6.3 If you are not resident in the UK you may only register:
- for those qualifications which permit overseas residency
 - where you are registered through a Local Research Centre
 - where you are in receipt of a residency waiver

Version number: 1.3	Approved by: Research Degrees Committee
Effective from: 1 August 2019	Date for review: March 2020

- A6.4 When you register, you must provide your home address. If you live outside of the UK, you should **only** give us your work or care of (c/o) address if exceptional permission has been granted to do so. This allows The Open University to accurately determine the fee you are liable to pay, as outlined in our Fee Rules/Fee Rules (ARC). If you are unsure or would like to seek exceptional permission, please contact the Research Degrees Team in the Graduate School.
-

A7. Attendance/Engagement Requirements

- A7.1 Attendance and engagement requirements whilst registered as a post graduate research student are provided in the Research Degree Regulations. Please see regulations RD 8.1 – 8.6 for students registered on an MPhil/PhD and regulations PD 7.1 - 7.2 for students registered on a Professional Doctorate.
-

A8. Personal information

- A8.1 The personal information that we have collected from you is shown in the profile section of the Graduate School Network. We also keep records of your contact with us and your participation in training activities.
- A8.2 When you register to study with The Open University the personal information that you have supplied will be used and processed in accordance with the [Student Privacy Notice](#). This may include using your personal information, together with the records we will keep of your participation in learning activities, to provide support to you in your studies.
- A8.3 We use the information that we hold in our records to process your registration, to keep in touch with you, to support you in your studies and to provide services and facilities, so it is important that it is correct. It is your responsibility to keep your personal information up to date and to notify us of any changes or errors. You must notify us within a reasonable time if you change your name, the country where you are resident or ordinarily resident, or any of your contact details. We may require you to provide satisfactory evidence of any change before our records will be updated. Further details of when this and any additional evidence may be required can be obtained from the Research Degrees Team in the Graduate School or seen in full in the [Student Privacy Notice](#).
- A8.4 If you are awarded any qualification of The Open University, any certificate in respect of that qualification will be issued in the name that we hold in our records at the point when your qualification is conferred. A certificate will not be amended or reissued in a different name if a change of name is notified after the date your qualification is conferred except in the case of an error by The Open University in recording your personal details or if a valid request is made under the Gender Recognition Act 2004. A duplicate certificate will be issued in the same name as the original certificate (unless amended as above), even if a change of name may subsequently have been notified.

Effective from: 1 August 2019	Date for review: March 2020

A9. Our rights to make changes

A9.1 The Research Degree Regulations and the Research Degree Handbooks set out the circumstances in which The Open University may make changes to regulations, your supervision or availability of programmes. The following paragraphs outline the circumstances in which The Open University may make changes to these terms or our educational services:

A9.2 Circumstances outside our control

The Open University will take all reasonable steps to provide the support for your research degree. There may be circumstances outside of our control where we are unable to provide those services in full or in part for reasons such as failure of equipment, fire, flood, pandemic, terrorist acts. In addition, supervisors leaving The Open University (or a Local Research Centre) or industrial disputes are beyond our control. Where those, or similar, circumstances arise we will minimise disruption so far as we are reasonably able to and, wherever practicable, will provide you with reasonable alternative arrangements to continue with your studies.

A9.3 Short-term changes to learning, teaching and assessment arrangements

The Open University may have to postpone, re-locate, re-structure or cancel supervisory meetings, forums, day schools, residential schools and other training sessions, assessments or examinations due to the occurrence of an event or circumstance beyond its reasonable control including, but not limited to, industrial action, whether on the part of The Open University's staff or otherwise, short notice absence of training, examiners or other staff, short notice unavailability of premises, facilities or materials. The Open University will make all reasonable efforts to inform you of any such changes as early as possible and to provide reasonable alternative arrangements wherever practicable to do so.

A9.4 Changes to Qualifications

A9.4.1 The Open University continually seeks to enhance its students' experience and ensure that programmes remain valid, relevant and current. The training sessions that are made available in future as part of your qualification will reflect those aims of The Open University and may therefore not include the same subject content, teaching or assessment methods as those available at the start of your qualification.

A9.4.2 In line with this aim, The Open University may make changes to the structure of its qualifications. These may include such matters as the balance between core, options and free choice components, the balance between coursework and examination or other forms and types of assessment, the order of study and rules for progression through the qualification, the requirements for attendance at or participation in specified learning activities.

A9.4.3 You may be given the option to continue your studies under the new structure or to carry on under the original structure, subject to the teach-out arrangements set out in any notice given.

Version number: 1.3	Approved by: Research Degrees Committee
Effective from: 1 August 2019	Date for review: March 2020

A9.4.4 The notice period provided may be reduced if it is necessary to comply with the requirements of a professional, statutory or regulatory body or of any other body that accredits or validates the qualification.

A9.5 Withdrawal of Qualifications

A9.5.1 If you are registered for a qualification and The Open University has approved the withdrawal of that qualification, you will be given notice of the withdrawal and a reasonable opportunity to complete your study for it before it is withdrawn, subject to the continued availability of the required training. If the period for withdrawal is shorter than that of the qualification time limit, then the withdrawal date will override the qualification time limit.

A9.5.2 Except in the circumstances set out below, the minimum period of notice that you will be given will be sufficient for you to complete the qualification at a study intensity of half of the full-time equivalent rate assuming that you do not fail any component, suspend your registration or seek an extension.

A9.5.3 The notice period set out above may be reduced if it is necessary to comply with the requirements of a professional, statutory or regulatory body or of any other body that accredits or validates the qualification for the change to be made in a shorter period of time.

A9.5.4 If you are unable to complete your qualification within the notice period you will be able to obtain advice and guidance to help you move to an equivalent qualification under The Open Programme.

A9.5.5 You will normally be permitted to complete your qualification up to 12 months after the published withdrawal date if you are resubmitting your thesis.

A10. Your cancellation rights

A10.1 Under the Consumer Contracts (Information, Cancellation and Additional Charges) Regulations 2013, you have a right to cancel your registration to study for a qualification, without giving any reason, within 14 calendar days of the date of the completing the Registration Process. You will receive a full refund of any fees you have paid or a waiver of any fees you are liable to pay for that.

A10.2 If you wish to cancel this agreement, or make other changes to your study more than 14 calendar days after the date of completing the Registration Process you must follow the instructions in the [Research Degree Handbooks](#). Your eligibility for a fee refund or a fee credit is set out in the [Fee Rules/ Fee Rules \(ARC\)](#).

A10.3 Further information about cancelling or ending your registration, including the actions you must take to do so, can be found in [Section E](#).

Version number: 1.3	Approved by: Research Degrees Committee
Effective from: 1 August 2019	Date for review: March 2020

A11. Complaints and appeals

The Open University has a [Student Complaints and Appeals Procedure](#) and is a member of the Scheme of Independent Adjudication for Higher Education established by the Higher Education Act 2004.

A12. Student discipline

The Open University has a [Code of Practice for Student Discipline](#) and a [Code of Practice for Research](#). When you register to study with The Open University you agree to be bound by these codes.

Section B: Your fees

B1. Your agreement to pay tuition fees and other charges

- B1.1 When you register as a student of The Open University you agree that you will pay the tuition fees and other charges or costs which must be met in respect of your studies. The tuition fee you agree to pay is shown in your Offer Letter. By applying to study at The Open University and agreeing to these Conditions, you also expressly agree to pay any additional charges which may be due to The Open University in respect of your studies that are not covered by the annual registration fee.
- B1.2 The annual registration fee does not cover all the materials you may need to complete your studies.
- B1.3 If you are eligible to resubmit your thesis, you may be required to register for the period of resubmission and an additional resubmission fee will be payable.
- B1.4 If your qualification includes a residential school, the fee will not cover the costs of accommodation, meals, travel or other facilities provided in connection with attendance at that residential school, whether they are provided by The Open University or otherwise, unless otherwise stated in the relevant Research Degrees Handbook.
- B1.5 Payment of or arrangement to pay your fees must be in place before you register. Prior to registration you will be provided with information about available payment methods.
-

B2. Your liability for fees

- B2.1 When you register to study with The Open University you agree to pay the whole of the fee set out in your Offer Letter or registration confirmation. See <http://www.open.ac.uk/postgraduate/research-degrees/fees-and-funding> for details of fees charged.

Version number: 1.3	Approved by: Research Degrees Committee
Effective from: 1 August 2019	Date for review: March 2020

- B2.2 You are normally required to have paid or secured an agreement to pay your fees by a payment method approved by us before we will accept your registration.
- However, The Open University may, at its discretion, accept your registration before your approved payment method such as a government grant, a student loan or payment by a sponsor has been secured. The exercise of this discretion will be conditional upon you having taken and/or agreeing to take all reasonable steps (as the case may be) to secure that payment method within a reasonable time. If you have not secured that payment within the reasonable time we have given you to do so, The Open University may cancel your registration as set out in [Section E2](#) “The Open University’s right to cancel your registration”. You will be notified in advance if this is the case.
- B2.3 If you are paying your fees using a loan via the Open University Student Budget Accounts Limited (OUSBA) you may remain liable to meet scheduled re-payments unless you have cancelled this agreement in circumstances which entitle you to a full fee refund. You must check the terms of your OUSBA agreement and seek advice from OUSBA Ltd if you are not sure.
- B2.4 You will become liable for annual fees each year you register. You will not be bound to pay fees in relation to future years’ study until you register for those years.
-

B3. How we calculate your fees

- B3.1 Your fees are calculated in accordance with our [Fee Rules](#), based on the information that you have given us your intended research programme, your nationality, whether you intend to study full or part-time, whether you are ordinarily resident in the UK, the EU/EEA or elsewhere and, if you are ordinarily resident in the UK, whether this is in England, Northern Ireland, Scotland or Wales.
- B3.2 You are responsible for ensuring that the information provided to us and used in your Offer Letter is correct. If any of your information is inaccurate you must inform us before completing your registration. If we have sent you an Offer Letter and it is in any way incorrect, **do not alter or sign it**. Please [contact us](#) to give us the correct information and we will send you a new Offer Letter.
- B3.3 The Open University reserves the right to check any information that you have given us and, if the checks show that a different fee should be paid, to recover the difference between the fee shown in the Offer Letter and the correct fee if higher. These checks may be made at any time, including after you have begun your study. The Open University may share data with external agencies to check that the correct fee has been paid.
-

B4. Failure to pay fees and charges

- B4.1 If you do not pay your fees or provide an approved payment method at the time of registration, we will not accept your registration unless paragraph [Section B2.2](#) above (“Your liability for fees”) applies.

Version number: 1.3	Approved by: Research Degrees Committee
Effective from: 1 August 2019	Date for review: March 2020

- B4.2 If you are permitted to register or enrol under [Section B2.2](#) (“Your liability for fees”) above and you fail to secure an approved payment method within the reasonable time we have given you to do so, The Open University may cancel your registration even if you have started studying. You will be given notice of our intention to cancel your registration and a final opportunity to secure the payment or to pay by a different method. If your registration is cancelled under this paragraph any part payment of fees you or a sponsor have already made will be refunded and any grant or loan in respect of part payment of fees will be cancelled.
- B4.3 If you are intending to pay your fees with the aid of a means tested award from a UK funding authority but your award does not cover your fees in full, your registration will not be complete until such time as any fee shortfall has been covered in full. We will not be able to confirm your registration to your funding authority to allow any maintenance support you may be due to be released to you until your registration is completed.
- B4.4 If we have accepted your registration and, for any reason, the payment method we have accepted is cancelled or withdrawn (for example a credit or debit card payment is not honoured by your bank or a grant or loan is withdrawn) we may cancel your registration even if you have started studying. You will be given notice of our intention to cancel your registration and a final opportunity to secure the payment or to pay by a different method.
- B4.5 If your registration is cancelled under Sections B4.2 or B4.4 above it will be reinstated in the following circumstances:
- a) if you contact us within 7 calendar days of the date of cancellation having secured an agreed payment method or if you provide payment by a different method; or
 - b) if you contact us more than 7 calendar days after the date of cancellation having secured an agreed payment method or if you provide payment by a different method, and you agree to accept the potential impact any gap in your studies may have on your academic progress.
